

## GUIDELINES FOR HAWAII-GROWN COFFEE LABELING

In addition to all other labeling requirements, all roasted or instant coffee that is produced in whole or in part from Hawaii-grown coffee beans for retail or institutional sales shall meet the labeling and advertising requirements of §486-120.6, HRS, as amended. The following is a guideline for these requirements.

### WORDING OF THE IDENTITY STATEMENT

- 100% Hawaii-grown coffee from a single geographic origin within the State of Hawaii:** The identity statement shall consist of the geographic origin (of the green coffee beans) followed by the word “coffee”. The term “100%” may be used immediately preceding the geographic origin. The following examples are based upon the geographic regions defined in rules adopted under chapter 147. (In addition, if a geographic origin is used in labeling or advertising roasted or instant coffee, the green coffee beans used in that roasted or instant coffee must meet the grade standard requirements of rules adopted under chapter 147.)

Examples:	HAMAKUA COFFEE	or	100% HAMAKUA COFFEE
	KA'U COFFEE	or	100% KA'U COFFEE
	KAUAI COFFEE	or	100% KAUAI COFFEE
	KONA COFFEE	or	100% KONA COFFEE
	MAUI COFFEE	or	100% MAUI COFFEE

Examples:	HAWAII COFFEE	or	100% HAWAII COFFEE
	HAWAIIAN COFFEE	or	100% HAWAIIAN COFFEE

- 100% Hawaii-grown coffee consisting of coffee from several geographic origins in the State of Hawaii:** The identity statement shall consist of the percent coffee by weight of one of the Hawaii-grown coffees used, followed by the geographic origin of that Hawaii-grown coffee, and the terms “coffee” and “all Hawaiian” as follows:

Example: 30% KAUAI COFFEE ALL HAWAIIAN

- Coffee blend of Hawaii-grown coffees with coffee not grown in Hawaii:** The identity statement shall consist of the per cent coffee by weight of one of the Hawaii-grown coffees in the blend, followed by the geographic origin of that Hawaii-grown coffee, and the term “coffee blend” as follows:

Example: 20% OAHU COFFEE BLEND

**TYPE SIZE REQUIREMENTS FOR THE IDENTITY STATEMENT.** Provided that the quantity statement is in compliance with all labeling requirements, the quantity statement on the package determines the type size of the identity statement.

- If the net weight is **16 ounces or less:** The type size of the letters or characters in the identity statement shall be at least one and one-half times the type size required for the quantity statement or three-sixteenth inch in height, whichever is smaller.
- If the net weight is **over 16 ounces:** The type size of the letters or characters in the identity statement shall be at least one and one-half times the type size required for the quantity statement.
- If **upper and lower case letters** are used in the identity statement, the lower case letters shall meet this type size requirement.

1. The term “**Contains:**” followed by
2. The **names of the different coffees in the blend** (that the manufacturer chooses to list) separated by commas and stated in descending order of percent by weight of the coffee in the blend.
3. The **percent by weight** may be shown for each type of coffee listed.
4. **Type size:** The type size used for this list shall not exceed one-half of the identity statement type size.
5. **Placement of the list:** If this list is to be included on the front of the label, then it must appear below the identity statement.
