Here is my humble and simple article I wrote in 20 minutes.....

### **ALOHA.**

My name is Mr. Shelor, and this is my personal portfolio website. This is for an assignment in my Arts & Communications class at Kealakehe High School in Kona, Hi. I will be showing all my best artwork from this class on this website. I really like this class because it allows me to be creative. I have always been considered a "creative" person. Thanks for visiting.

### **About Me**

I have been teaching Arts & Communications and Graphics Design at Kealakehe High School for 14 years. Ive always been very good at photography. I first learned Photoshop over 20 years ago and enjoy helping new students learn the power it has to make art. I am also a bass player, and have been playing in bands since I was 14 years old in the 8th grade. I currently play in 2 different groups here in the Kona area. My current new passion is shooting and editing HD video with my DSLR camera. I like to use Final Cut Pro and Motion to make fun cool videos when I have some free time.

### **Goals**

My goals for the next year are to catch up on all my back accounting paperwork at my house, and to keep trying to live healthy as can with the help of my wife. I also would like to finish painting my house and fix all the landscaping this year as well. My goal in 5 years is to be retired from full time teaching. I would like to have my own self sustaining business so I can not worry too much about paying the bills. In 10 years I'd like to be able to travel as much as possible doing athletic sports around the islands. I would also love to have my own boat and motorcycle to cruise around on.

### **What I'd Like To Learn**

In this class, I would like to learn more about all my students' cultures and better to connect with all of them. I would like to get better at helping students make **really good**
